Clubmaster Handshower 28525XX1

Technical Data

Handshower with integrated flow limiter.
Flow rate at 45 psi 2.5 gpm

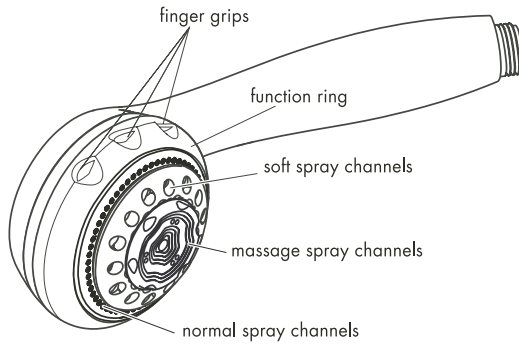

Backflow prevention: If protection against back siphonage is required by your local plumbing codes, and is not furnished elsewhere in your system, we recommend the use of Hansgrohe vacuum breaker 06510XX0.

Installation:

Install a black washer with integrated filter between the handshower and the hose.

The black washer with integrated filter must be installed to protect against damage from debris. Debris damage is not covered by the Hansgrohe warranty.

User Instructions

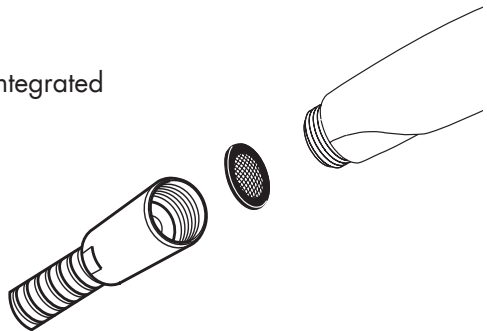

Change the spray mode by turning the function ring until the index mark is next to the name of the spray function. The Clubmaster handshower has three spray modes: normal, massage, and soft.

Cleaning Instructions

Cleaning the filter:

If the flow reduces over time, the black washer with integrated filter may be clogged with debris. It should be removed and rinsed.

- Disconnect the handshower from the hose.
- Flush the black washer with integrated filter with clear water.
- Replace the filter.
- Reconnect the hose to the handshower.

Removing Scale Deposits

The Clubmaster handshower uses the Quick-Clean!™ self cleaning system. When the spray mode is changed, the Quick-Clean!™ pins will push any scale deposits from the normal spray channels.

If scale is noticed on the spray face:

- Pour a small amount of a commercial lime scale remover such as CLR or Lime-Away into a shallow dish.
- Soak the gray spray face only in the scale remover, following label instructions.

- Rinse well with clear water when finished.

Cleaning Recommendation for Hansgrohe Products

Modern faucetry and shower products utilize a combination of materials to comply with the needs of the market with regard to design and functionality.

To avoid damage, it is necessary to use some caution when cleaning. Damage caused by improper treatment is not covered under the Hansgrohe warranty.

Cleaning Materials for Faucets and Showers

- To remove lime scale, use only products made specifically for that purpose. Always follow the manufacturer's instructions when using.
- Do not use cleaners that contain hydrochloric, formic, acetic, or phosphoric acids, as these will cause considerable damage to finishes and to plastic components.
- Never mix cleaning materials.
- Never use cleaners containing abrasives. Do not use abrasive cleaning cloths, pads, or sponges.

Cleaning Procedures

- Clean your faucets and shower products as and when required. Regular cleaning will prevent scale buildup and water spotting.
- Follow the label instructions. Do not allow any cleaner to remain on the product for longer than necessary.
- When using spray cleaners, spray first onto a sponge or cloth – do not spray directly onto the product.
- After cleaning, rinse thoroughly with clear water to remove any cleaner residue.

Important

- Soap and shampoo residue can also cause damage to the product. Rinse well with clean water after use.
- If the surface is already damaged, harsh cleaning materials will cause further damage.

Limited Lifetime Consumer Warranty

This product has been manufactured and tested to the highest quality standards by Hansgrohe, Inc. ("Hansgrohe"). This warranty is limited to Hansgrohe products which are purchased by a consumer in the United States after March 1, 1996, and installed in either the United States or Canada.

WHO IS COVERED BY THE WARRANTY

This warranty extends to the original consumer purchaser only.

WHAT IS COVERED BY THE WARRANTY

This warranty covers only your Hansgrohe manufactured product. Hansgrohe warrants this product against defects in material or workmanship as follows: Hansgrohe will repair at no charge for parts only or, at its option, replace any product or part of the product which proves defective because of improper workmanship and/or material, under normal installation, use, service and maintenance. If Hansgrohe is unable to provide a replacement and repair is not practical or cannot be timely made, Hansgrohe may elect to refund the purchase price in exchange for the return of the product.

LENGTH OF WARRANTY

Replacement or repaired parts of products will be covered for the term of this warranty as stated in the following two sentences. If you are a consumer who purchased the product for use primarily for personal, family, or household purposes, this warranty extends for as long as you own the product and the home in which the product is installed. If you purchased the product for use primarily for any other purpose, including, without limitation, a commercial purpose, this warranty extends only (i) for 1 year, with respect to Interaktiv and Retroaktiv products, and (ii) for 5 years, with respect to AXOR, ShowerPower and Pharo products.

THIS WARRANTY DOES NOT COVER, AND HANSGROHE WILL NOT PAY FOR:

- A. Conditions, malfunctions or damage not resulting from defects in material or workmanship.
- B. Conditions, malfunctions or damage resulting from (1) improper installation, improper maintenance, misuse, abuse, negligence, accident or alteration, or (2) the use of abrasive or caustic cleaning agents or "no rinse" cleaning products, or the use of the product in any manner contrary to the product instructions.
- C. Labor or other expenses for the disconnection or return of the product for warranty service, or for installation or reinstallation of the product.
- D. Accessories or related products not manufactured by Hansgrohe.
