Gefahr!

Gefahr von Personen- und/oder Sachschäden durch unsachgemäße Installation!
Die Installation des Vaillant uniSAT darf nur von einem anerkannten Fachhandwerksbetrieb durchgeführt werden. Dieser übernimmt auch die Verantwortung für die ordnungsgemäße Installation und die erste Inbetriebnahme.

Pericolo!

Rischio di lesioni personali e/o danni materiali a causa di un montaggio non corretto!
L'installazione dell'uniSAT Vaillant deve essere effettuata esclusivamente da un tecnico abilitato e qualificato ai sensi della legge, il quale si assume anche la responsabilità per l'installazione, la regolazione e la messa in servizio corretti.

**Gefahr!**

Lebensgefahr durch Stromschlag an spannungsführenden Anschlüssen!

Die Elektroinstallation darf nur von einem anerkannten Fachhandwerksbetrieb durchgeführt werden. Schalten Sie immer zuerst die Stromzufuhr ab.

Erst im Anschluss daran dürfen Sie die Installation vornehmen.

Vor jedem Öffnen des Gehäuses der Verdrahtungsbox ist eine allpolige Trennung von der Netzspannung mit einer Kontaktöffnung von mindestens 3 mm sicherzustellen! Ansonsten liegt an den Klemmen Netzspannung an!

**Pericolo!**

Pericolo di morte causato da scarica elettrica su collegamenti sotto tensione!

L'installazione elettrica deve essere eseguita unicamente da un tecnico abilitato ai sensi di legge. Come prima operazione staccare sempre l'alimentazione di corrente.

Solo successivamente è possibile procedere all'installazione.

Prima di aprire l'alloggiamento della scatola dei cavi, assicurare una separazione di tutti i poli dalla tensione di rete, con un'apertura dei contatti di almeno 3 mm, per evitare che i morsetti rimangano sotto tensione.
