This exploded view diagram illustrates the components of a bicycle wheel assembly. The parts are numbered as follows:

- 1**: The main wheel hub and axle assembly.
- 2**: A small cylindrical component, likely a bearing or spacer, positioned between the hub and the rim.
- 3**: A small ring or spacer, positioned between the hub and the rim.
- 4**: A set of four blue-colored spokes, shown attached to the hub.
- 5**: A large, flat, circular disc, likely a brake rotor or a fender, positioned between the hub and the rim.
- 6**: The bicycle rim, shown with a tire mounted on it.
- 7**: Four screws or bolts, shown positioned to secure the rim to the hub.
- 8**: A small cylindrical component, likely a bearing or spacer, positioned between the hub and the rim.
- 9**: A small, curved component, likely a fender or a brake arm, positioned near the hub.
- 10**: A small circular component, likely a fender or a brake arm, positioned near the hub.
- 11**: A bracket or support structure, shown positioned to hold the hub and axle assembly.
