FROM XS TO XL

YOUR FAVOURITE DESIGN IN THE RIGHT SIZE.

For years, GROHE offered a wide range of taps and mixers in different designs. Now GROHE offers an additional, comfortable advantage: a choice of size.

Our choice of sizes has never been greater, offering tap heights from XS to XL in our most popular ranges.

GROHE puts the luxury of choice in your hands.

To make it easy, all our washbasin mixers are marked with a "size" character that everybody understands : from XS to XL. The taller the tap gets, the larger and wider the spout reaches out, the more comfort!

XS-Size

An extra small tap, ideal for cloakrooms and usually used for cold water only.

S-Size

A comfortable, standard height basin mixer, ideal for regular basins.

M-Size

A medium height tap designed for extra comfort. The slightly longer spout makes access easier.

L-Size

A large tap with a long spout, ideal for washing or filling larger objects.

XL-Size

An extra large tap ideal for vessel-style basins. It offers exceptional comfort and style.

FROM XS TO XL

PICK THE RIGHT SIZE...

Once you have chosen the design of your GROHE basin mixer, you can adapt the size to your and your family's needs.

Whether you need a pillar tap or a basin mixer where you offer additional comfort so your kids can wash their hands more easily - the right product is available with the right comfort.

XS-Size

For cloakrooms and small basins the extra small size offers a flexible, stylish solution.

S-Size

A standard size basin mixer is the comfortable choice for standard comfort at the washbasin.

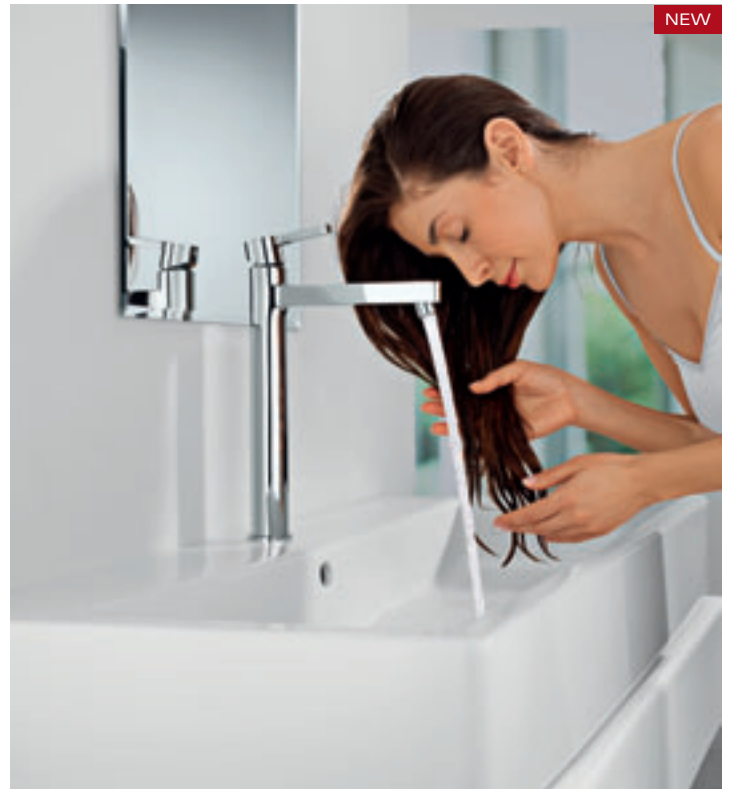

M-Size

Add extra comfort with a higher medium height basin mixer, providing easier access with a longer spout.

L-Size

Great for busy basins in family bathrooms, the large basin mixer with a high spout is a practical and safe choice.

XL-Size

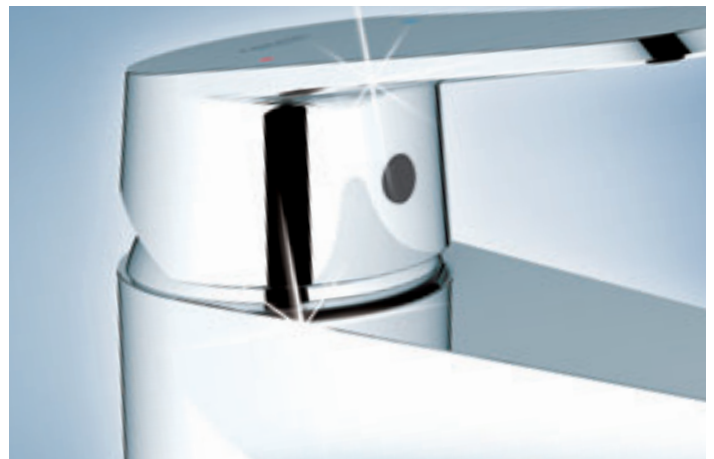

Choose unrivalled comfort and create an elegant focal point with an extra-large tap ideal for stylish vessel basins or for maximum comfort.
