Vitality
of **Water**

Experience the
natural vitality of water
at head-and-heart.com

*WATER CAN BE
breathtakingly
BEAUTIFUL.
WHEN IT
forms an elegant
VORTEX,
it is transformed
INTO A TRUE
miracle of nature.*

*“Grasp
THE BEAUTY
and SOUL
OF WATER.”*

Klaus Grohe

Klaus Grohe, son of the Hansgrohe founder, has always been driven by an irrepressible curiosity about and passion for water. He is particularly impressed with the pure energy of a vortex. He wondered how this miracle of nature could possibly be brought into the home and incorporated into the wash basin, and so he began developing a vortex in a mixer. In designer **Philippe Starck**, Klaus Grohe and Axor discovered a partner capable of illustrating the power of nature in the form of an organic and sculptural glass mixer.
